# Session Agenda

## CSS RESPONSIVE DESIGN

- Think It Through
- Recap
- CSS Flexbox
- CSS Grid
- Responsive Design

# Font and Text Styling

Technology is a powerful tool that has changed how teachers teach and how students learn.

**Technology is a powerful tool that has changed how teachers teach and how students learn.**

TECHNOLOGY IS A POWERFUL TOOL THAT HAS  
CHANGED HOW TEACHERS TEACH AND HOW  
STUDENTS LEARN.

# Advanced CSS Selectors

## Descendant Selector

*div p*

## General Sibling Selector

*div ~ p*

## Child Selector

*div > p*

## Attribute Selector

*[attribute]* (e.g., *[target]*),  
*[attribute=value]* (e.g.,  
*[href="https://example.com"]*)

## Adjacent Sibling Selector

*div + p*

## Pseudo-Class Selector

*:hover*, *:first-child*

## Pseudo-Element Selector

*::first-letter*, *::before*

# CSS Flexbox

### General English

- Improving your everyday English
- Beginner to Advanced levels
- Flexible learning with either 15 or 20 hours per week

[View Course Details](#)

### Intensive English

- Learning English fast

### English Exam Preparation

## Why Choose Us

We have  
**2**  
Central locations in  
London and Dublin

Over  
**95%**  
Of students would  
recommend us to a  
friend

We are  
**100%**  
Accredited by the  
British Council and  
ACELS

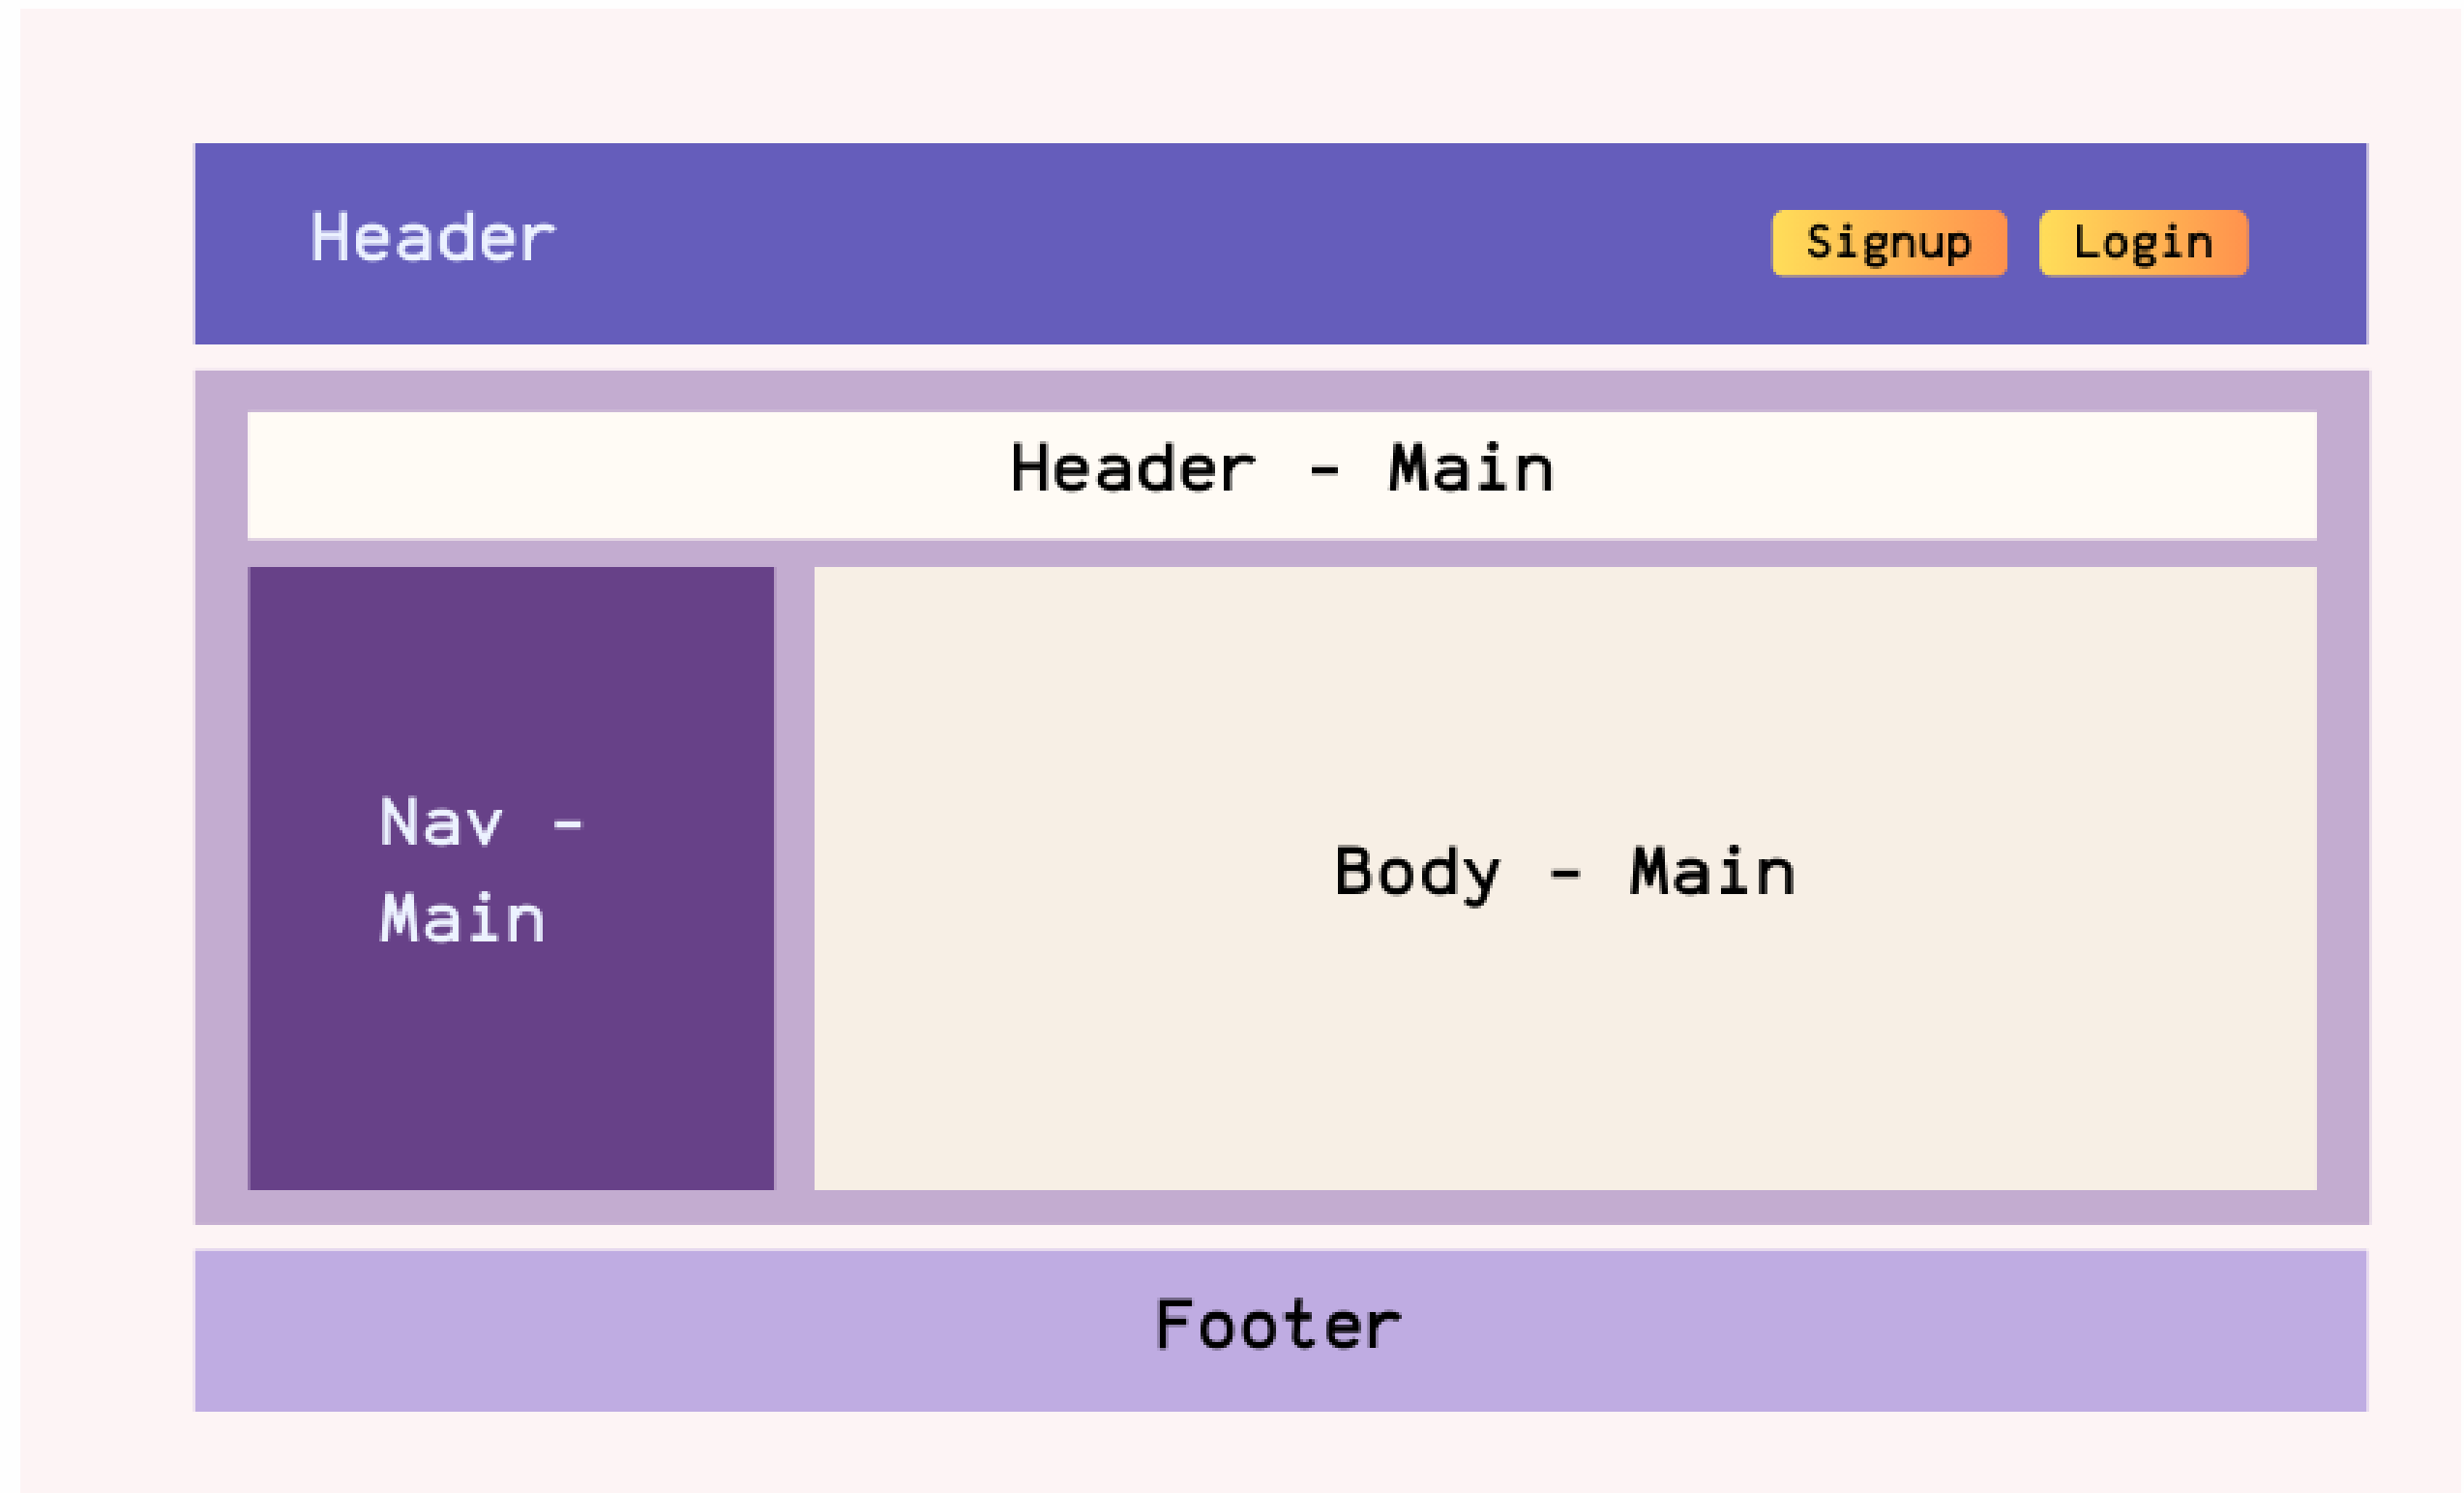

We have a  
**95%**  
Exam Pass Rate for  
our students
